A very warm welcome to the first newsletter produced by Cambridge City Council Children and Young People's Participation Service (ChYpPS) Scrapstore is a resource base for voluntary and statutory groups as well as individuals in and around Cambridge to come along and collect a wide selection of materials which can then be recycled and reused again for art and craft activities.

Scrapstore also encourages children and young people to think about recycling and reducing their carbon footprint.

NEW Scrapstore workshops will now be available for all adult users on Saturday sessions so come along and get creative
